PATHWAYS TO MANAGED CARE

@upasolutions

DEADLINE EXTENSION: UPA's Network Participation with Cigna.

University Physicians' Association, Inc. (UPA) is reviewing the Cigna contract language but has recently accepted a proposed counteroffer from CIGNA.

The UPA has extended our current agreement until December 1, 2024 to work through these final steps.

It is our hope that we will continue to be in network with Cigna commercial insurance. We are working to minimize impact to patients in hopes that we can reach a more formal agreement between Cigna and University Physicians' Association (UPA) that allows our providers to provide the caliber of care that their patients deserve.

We value our physician members and their patients and wish to continue providing access to high-quality care. UPA will continue to work with Cigna with the intention to reach an equitable resolution with no disruption to patient care. We will continue to provide updates via UPASolutions.com as this process continues.
